July 2021

Let's have fun with water!

It's HOT out there! Below are some fun things you can do at home with water to cool off.

Slip and Slide. Get a long piece of plastic, pin it to the ground, add water! You might even add a little soap to help.

Water Balloons. Easy to find and fill. You can toss them back and forth or just aim at Dad and let them fly!

Water Games. Do a Google search for games your kids can play. Some might be "Pass the Water" and "Drip, Drip, Drop".

Relay Games. Other games you can look for are "Water Relay" and "Water Cup Race".

Water Pinata. Use water balloons instead of regular Pinatas.

Set up a **Water Obstacle Course.** Use sprinklers, hoses, pipes, etc. to set up a fun course for your kids - and dogs.

Backyard Bubble Bath. What a great way to take a bath! Fill a kiddie pool like a bathtub and add bubble bath.

Water Wall. Use piping or a sprinkler system, run it overhead and let the kids play under it.

Water Corn Hole. Use water soaked sponges instead of bean bags.

If you have a pool, play **Volley Ball** in the water.

Wash the car. Let the kids wash the car while someone holds a water hose over them, raining water down. It's fun for them and gets the car washed at the

Remember to **include the pets**, especially dogs. They love playing in water.
